

The Past

Foremost® has a long-standing history with manufactured homes. In 1952, we issued the first mobile home policy! Need to put your customer with a carrier with experience? Look no further.

The Present

The world has seen a lot of change since 1952, but one thing remains the same: **Foremost is still the leader for mobile home insurance!** We have broad eligibility and will take manufactured homes of most any age, size, make, and model. We even accept manufactured homes located in a park or on private property.

Plus, the coverage on the home, other structures and contents is comprehensive, subject to policy exclusions. That's broader than many homeowners policies!

The Future

There could be more mobile home customers on the horizon, if you stick with us! **51% of the customers who chose Foremost said they did because we're a specialist.**

Even our claims adjusters are specialists – each one of them have spent over 240 hours learning how to handle claims on mobile homes! If that's not motivating enough, get this: We cover 25% of Manufactured Homes in the US (your agency should get in on that premium!)
